

Social Story: Visiting the Upper Arlington Public Library

Upper Arlington Public Library

Explore. Gather. Grow.

When I visit the library, I will enter through the front doors.

Some people in the library will wear masks.
Some people will not.

When I come into the library, I will see the Welcome Desk. Someone will say hello to me.

This is how I know someone works at the library. All the people who work at the library wear a badge like this.

This is the atrium.
I might stop here to sit at a table.

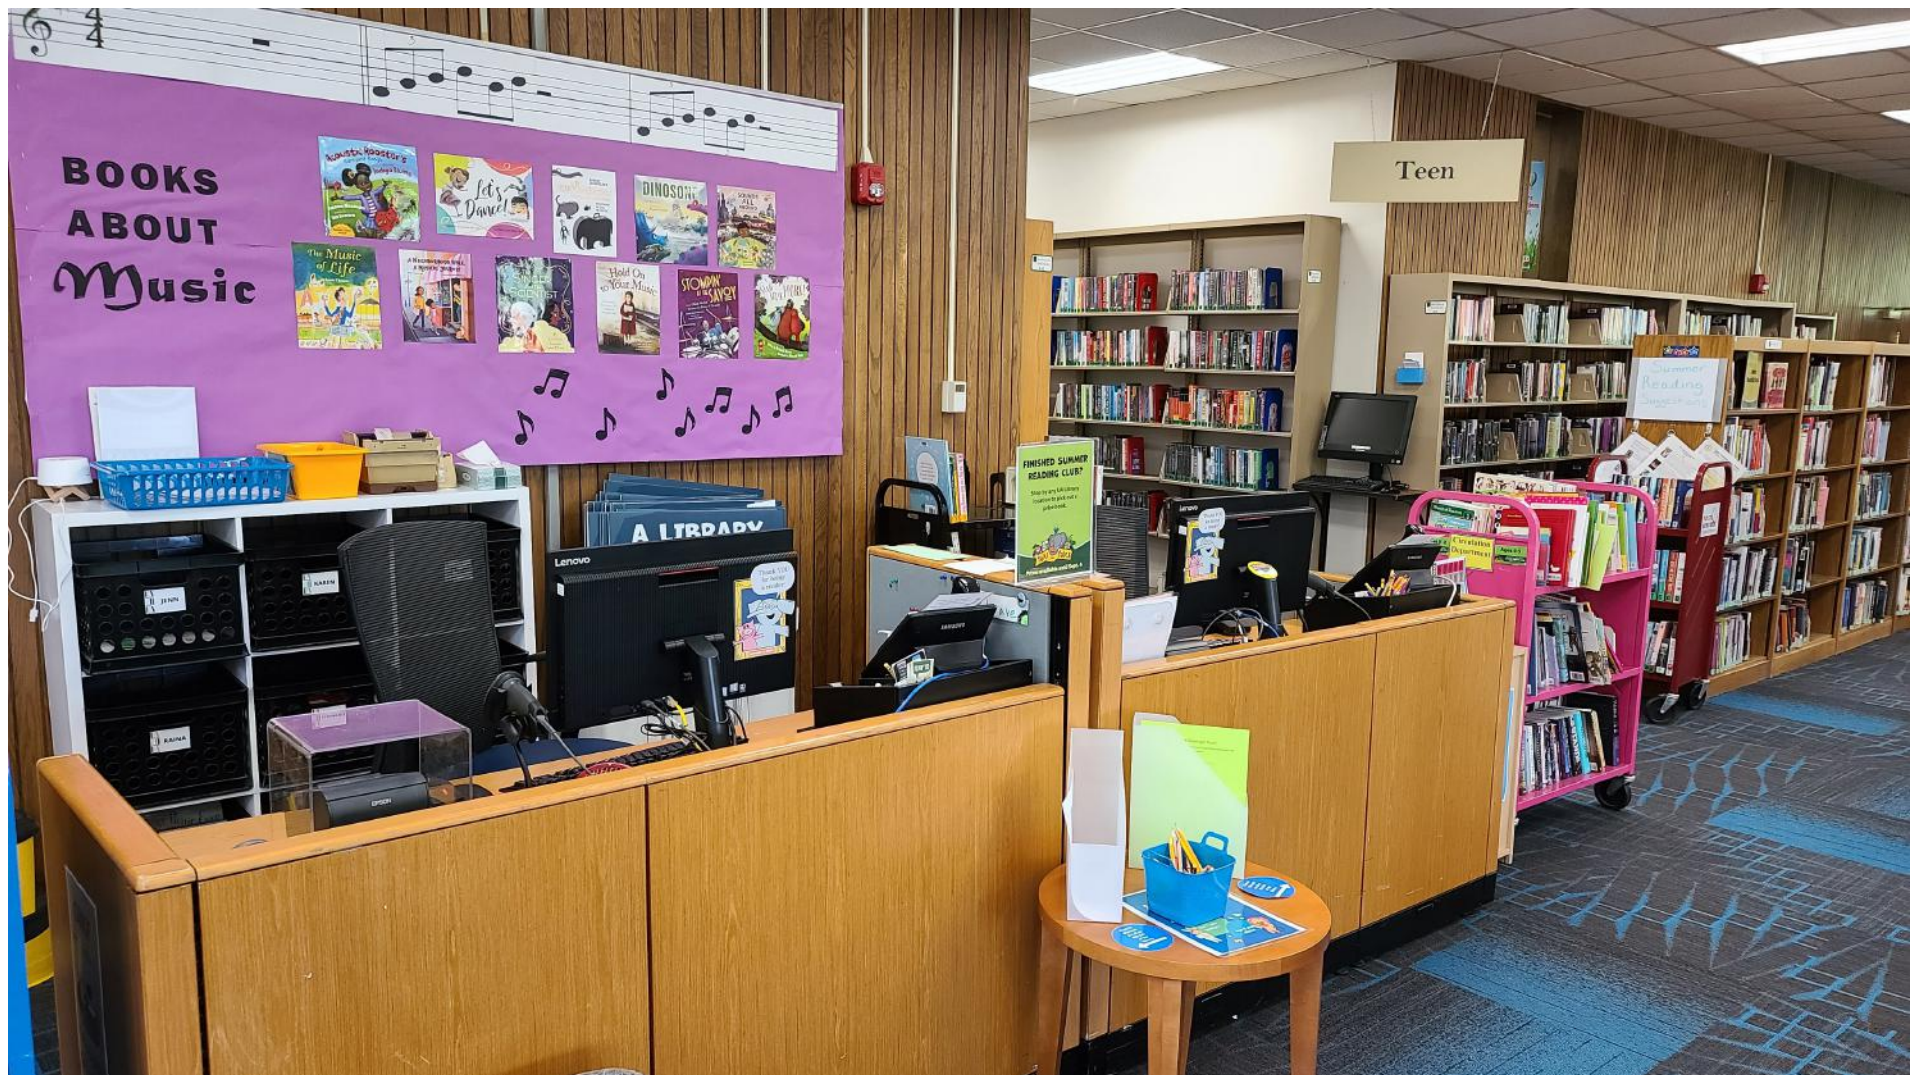

This is the Media Area.
I might stop here to find a movie.

This is the Youth Area. I can read books, play, sit quietly at the tables, or attend a program.

This is the Youth Desk. If I have a question, someone at this desk can help me.

This is the Youth Activity Area.
This is where I might attend storytime.

During storytime, we will read books.

During storytime we will sing songs.

During storytime, we will use tools like bean bags and scarves.

After storytime, we will see and
play with bubbles.

After storytime, I can visit the play area.

When I'm ready to go home, I can check out books, movies, and other materials at the self-checkout machines.

It's time to go! I am finished at the library.
I will come visit again soon!
